*Thursday – July the 1<sup>st</sup>, 2021*

*1705Hrs; M.S.T. (Arizona)*

### **PRIORITY COMMUNICATION:**

*“Son of Man, I have made you a watchman for the house of Israel; therefore hear a word from My Mouth, and give them warning from Me” (Ezekiel 3:17).*

*“...But if the watchman sees the storm coming and does not blow the Shofar, so that the people are warned; and then the sword comes and takes any one of them, I will hold the watchman responsible for the deaths” (Ezekiel 33:6).*

**SUBJECT OF BRIEFING:** Pending/actual scenarios that would have a direct negative impact on America, the economy, and national security

### **BRIEFING COMMENTS:**

*I am privileged having a warm relationship with a national security specialist who sincerely cares about the safety and well-being of our Nation and her people. This professional sent the below notes in response to my sharing growing concerns that our country is quickly becoming weakened, and subject to severe foreign harassment and possible attack. I further submitted observations about America's national sovereignty deliberately being erased moving our country into a collapsed state, and therefore, into the Global Government being brought forward; the New-World Order which has been under construction for some time, but severely interfered with by President Trump who put America first thus infuriating the Global Elites who worked to remove him at all costs!*

*Little known to Americans is the Marxist response to NATO (North American Treaty Organization which helped keep the brakes on communism since WWII). The Marxist response is the **Shanghai Cooperation Organization** (SCO) founded in 2001. The countries comprising membership are: Russia, China, North Korea, Iran, Pakistan, Afghanistan, India. These countries are now moving rapidly to challenge American dominance and reduce America to a “fail-state” category. The fate of the “free world” hangs in the balance. China appears to be leading the assault on multiple fronts; economically, technologically, militarily, politically – with known*

*public sympathizers in a multitude of key positions – elected and otherwise within our government up to and including the White House under Biden. It was China that organized, financed, and coordinated the cyber attack on our nation's election last November removing Trump.*

*There are serious multidimensional aspects to America's safety or growing lack of security. Mentioned below are very brief submissions which could erupt within the next 6-month window and bring significant challenges to our welfare. Make no mistake, the collapse of our southern Border and the infusion of millions from third-world countries, along with very hardened criminals and cartel soldiers is not an accident; the coming results of a vaccine which already is demonstrating adverse reactions and death upon the host is not an accident; the medical complications from the vaccine will trigger a new panic of a new virus causing loud screams from a centralized controlling government to mandate, "all citizens must get vaccinated to fight this new round of virus". Not mentioned will be the severe adverse medical problems due to the actual already given vaccine itself; the deliberate flooding of monies into the hands of citizens so they are not motivated to return to work, and then the stoppage of said money causing confusion and panic; supply interruptions and manufactured inflation causing price increases similar to the 1920's Depression Era; continued indoctrination of children and young adults into Marxism through school curriculum which will further undermine our countries founding principles; the weakening of our military already underway by commanders who choose to be politically correct for their own advancement.*

*Hopeless...NO! Sobering...YES! But look up for your redemption is nigh. Begin to place your trust in the Lord not in man. ~LJR*
